National Education Policy 2020

Initiatives & Implementation

The core values of the New Education Policy are to create a young India with confidence, conviction and character.

Hon'ble PM Shri Narendra Modi

1

Respect for Diversity & Local Context - to be reflected in all curriculum, pedagogy, & policy

2

Equity & Inclusion - to become the cornerstones of all educational decisions

3

Community Participation to uplift philanthropic/private/community participation

4

Use of Technology - in teaching and learning and to remove language barriers

5

Emphasize conceptual understanding - learning-for-exams with no rote learning

6

Unique capabilities - Recognizing and tapping them in each student

7

Critical thinking and Creativity - To boost logical decision-making and innovation

8

Continuous Review - build on sustained research and regular assessment by educational experts

Personalization (Equity & Inclusivity)

Through well integrated **personalized learning pathways**, Infakt ensures that every student, regardless of background, receives **customized education** tailored to their pace and needs, fostering **greater inclusivity and equity**.

Develop Cognitive Skills

The platform fosters **critical thinking, problem-solving, and analytical reasoning**, moving students beyond rote learning. It enables **interactive and adaptive learning**, nurturing **higher-order cognitive skills** essential for success in the 21st century.

Multidisciplinary Learning

The platform enables **seamless integration of STEM, humanities, arts, and vocational skills**, in line with NEP 2020's vision of **holistic and flexible education**, fostering **well-rounded individuals** ready for future challenges.

Global Perspective

Infakt equips students with **global insights, interdisciplinary knowledge, and digital fluency**, ensuring they are **prepared for a competitive international landscape** while still being rooted in Indian values.

Application-Based, Real-World Learning

Infakt supports **experiential and competency-based education**, aligning with NEP's focus on **practical knowledge**. By integrating **real-world scenarios and hands-on projects**, it enhances **student engagement and comprehension**.

Technology Partner

Infakt empowers schools with **cutting-edge digital infrastructure**, ensuring **seamless integration of technology in teaching and learning**, as envisioned by NEP 2020. It **reduces administrative burden** and enhances **data-driven decision-making** for educators.

Partner with **INFAKT**

Take the only step needed towards your school becoming **NEP** compliant and a
Centre of Excellence

**Increased
Brand Value**

**High Teacher
Motivation**

**Higher Parental
Satisfaction**

**Successful Confident
and Future
Ready Students**
